How AutoCAD Work AutoCAD is a suite of products: AutoCAD LT (Drafting), AutoCAD LT/RX (BIM/BIM+), AutoCAD Architecture, AutoCAD Electrical, AutoCAD Mechanical, AutoCAD Finishing and AutoCAD Map3D. To enter an AutoCAD Drawing (DWG) using the AutoCAD user interface, the following steps are required: Navigate to a location on your computer where you want to create a new drawing. If the user is on a Windows PC, the user will need to select Start | Programs | AutoCAD | AutoCAD LT. If the user is on a Macintosh, the user will need to select Finder | Programs | AutoCAD | AutoCAD LT. . If the user is on a Mac, the user will need to select Select a folder (Find on your computer) and then select a DWG file. Click the drawing file's.dwg extension. Select New Drawing | New from File. . Select the Use AutoCAD button (AutoCAD is automatically selected if your drawing file's extension is.dwg). If the desktop doesn't open, or if AutoCAD opens, but you cannot add objects to your drawing, then you may need to upgrade your AutoCAD software to the latest version. Check the system requirements in the AutoCAD Help that comes with the software before you use AutoCAD. Go to File | Exit. . Select the Use AutoCAD button. Select New Drawing | New from File. . Select the Use AutoCAD button (AutoCAD is automatically selected if your drawing file's extension is.dwg). Select the Use AutoCAD button and select a location (folder) to store the DWG file. Select a location where you want the DWG file to be stored. Select Open. AutoCAD can also be used in the following ways: AutoCAD can be used as an Android app, and also as a web application. The web application lets you interact with AutoCAD drawings using a web browser. The AutoCAD Portable App (Android) can also be used to view, edit and save DWG files and to connect to a network. With AutoCAD you can import and

Ayaan Ali, 23, and her daughter, Neha, 4, stand on a sidewalk near the University of Miami where Ayaan Ali received a degree in public administration in the fall of 2006. (Sandy Cohen, Orlando Sentinel) Ayaan Ali's college education was her ticket to freedom — from her pimp in Pakistan and, later, a man who would steal her identity in Florida. On Monday, the 23-year-old was arrested for impersonating a U.S. citizen by using her birth certificate to get a job. Ali, who lives in the suburban New Jersey community of Springfield Township, was arrested by an FBI agent at her home after attempting to obtain a state trooper's badge and uniform. She will be extradited to Orlando, where she faces charges of unlawful use of a passport and unlawful use of a credit card. Ali, who received a bachelor's degree in public administration in the fall of 2006, was arrested Monday morning after she allegedly used a stolen identity to get a state trooper uniform and job, according to the FBI. According to the criminal complaint, Ali, then 22, was registered as a student at
